History of all Terrace Park buildings -past and present

This website contains information on each house and building in Terrace Park Ohio, including its history, owner names and resident names, building styles and materials, photographs, index of land deeds, census records, death and cemetery records, other genealogy information on selected families, anecdotes and related articles.

If you know the street address, use the street index above to locate the information. At some street locations one building has been replaced by another. In that case they have been labeled -1, -2, etc. If you don't know the street address, use the search capabilities.

In 1995 the Terrace Park (Ohio) Woman's Club began a program to record information about all the buildings in Terrace Park, both past and present. This project quickly grew as more and more information was gathered. We became interested not only in the buildings themselves but also in the people who lived in them. Soon it was decided to put the information on a website so it could be constantly updated and kept as current as possible. This is that website.

We welcome any information, corrections and feedback you can provide. New information is added as it becomes available and as time permits.
